# **OCEANÁRIO DE LISBOA IS A WORLD-REOWNED PUBLIC AQUARIUM, ONE OF THE MOST INSPIRING “WINDOWS” INTO THE OCEAN, TO EDUCATE AND INSPIRE ITS VISITORS.**

Oceanário de Lisboa is one of the Portuguese capital's must-visit attractions. A global beacon for ocean conservation, enjoyment and blue literacy, since 1998.

The Oceanário de Lisboa's mission is to promote the knowledge of the oceans and raise awareness about the duty of conservation of our natural heritage, by behavior change.

The Oceanário reinforces the mission of Oceano Azul Foundation, its shareholder, that is contributing to a productive and healthy ocean for the benefit of our planet, by acting in three fundamental bases: the management of an excellent exhibition, the promotion of blue literacy and ocean conservation.

# **NAMED THREE TIMES THE BEST AQUARIUM IN THE WORLD BY TRIPADVISOR'S TRAVELLERS' CHOICE**

## **CELEBRATING THE OCEAN**

Opened in 1998 as part of the 20th century's Last world exhibition, Expo'98, under the theme

"The Oceans, a Heritage for the Future", Oceanário de Lisboa has eternalized the connection between Lisbon and the ocean.

It was designed by the architect Peter Chermayeff, who envisioned a building to be seen from all directions and an aquarium that represented the ocean as unique and without borders. From this concept, a large central aquarium was born, surrounded by four distinct habitats. Walking the corridors of the Oceanário provides the visitor with an immersive experience, a contemplative journey through the underwater world, to discover 8,000 sea creatures of 500 different species.

Oceanário a unique and unforgettable place.

# EXHIBITIONS

## EXHIBITIONS

**8.000 ORGANISMS  
500 SPECIES  
25 MILLION VISITORS**

Touring under the name One Planet, One Ocean, the permanent exhibition at the Oceanário de Lisboa is a true multisensory experience. The incredible central aquarium symbolises the 'global ocean', and hosts about 100 species from four oceans, surrounded by four distinct marine habitats. Visitors can meet Magellanic penguins, puffins, sea otters, ocean sunfish, seadragons, octopuses, clownfish, eels, rays, several shark species and stunning corals, to name but a few.

EXHIBITIONS

# **160 THOUSAND LITERS OF FRESH WATER 40 METERS LONG 40 SPECIES OF FISH 46 SPECIES OF AQUATIC PLANTS**

The exhibition «Forests Underwater by Takashi Amano» presents tropical forests and their aquatic systems using the largest and most breathtaking nature aquarium in the world, created by the famous aquascaper, Takashi Amano. The artistic and conceptual display from this Japanese visionary is an interpretation of nature that reveals its balance of energy, where art, beauty and nature are perfectly connected.

EXHIBITIONS

## **«ONE – THE OCEAN AS YOU NEVER FELT IT»,**

the newest artistic installation by Maya Araujo Almeida, is a journey to the Portuguese sea told by the voice of the Ocean, the creatures that inhabit it, and the people who love, protect and belong to it. ONE is a link to the open Ocean: an immersive experience which will instil a sense of wonder and responsibility for the preservation of this magnificent underwater world.

# GUIDED TOURS

A complete visit to the Oceanário de Lisboa is a unique experience that leads us to know and feel the unforgettable magic of the underwater world.

Start with an immersive experience, a contemplative journey through the underwater world, to discovering 8,000 sea creatures, from 500 different species, guided by those who know them like no one else! You will also discover the “Forests Underwater by Takashi Amano”, a work by the world’s most famous aquascaper that represents the inspiring underwater forests to the sound of Rodrigo Leão's exclusive soundtrack and the artistic installation “ONE – The ocean as you never felt it” by Portuguese artist Maya Almeida, who through an immersive experience portrays the deep connection between humans and the sea, while invoking the grandeur of the ocean.

The experience, led by a marine educator, will be unique and different, as only the curiosity of the visitors defies the best stories and secrets.

**Guided tours are available in Portuguese, English and Spanish.**

# OCEANÁRIO FOR ALL

With almost 1.5 million visitors a year, the Oceanário de Lisboa is for everyone.

The Oceanário de Lisboa has inclusive accessible routes, not only inside the building but also in the surrounding area, to promote prams and wheelchairs accessible pathways.

The Oceanário has guided tours for people with hearing disabilities, with Portuguese Sign Language interpreters [LGP] and visual interpretation, with audio description.

# SEASTAINABILITY

## BLUE IS THE NEW GREEN

A workshop developed for companies, which aims to be the beginning of an individual and collective change.

The Earth has a global ocean that influences all life on the planet. The ocean is a source of goods and services indispensable to humanity, as it provides oxygen, food and energy resources, regulates the water cycle and the climate, plays a key role in the economy of several countries and is an important transportation route. To what extent is the Ocean at risk? And how can everyone's attitude contribute to be part of the solution of the climate and extinction crisis? In all the activities of this workshop, real and validated scientific data is shared, which launches the discussion about our behaviours and challenges us to change towards a more sustainable future.

### **EXPERIENCE:**

120 minutes in room [or video conferencing platform] coupled with one of three hands-on experiences : beach cleaning, Dolphin Watching or Bird Watching.

# OBSERVATION OF FLAMINGOS IN THE TAGUS RIVER

"Flamingos no Tejo" is a journey with the Oceanário de Lisboa to explore the Natural Reserve of the Tagus Estuary and get to know the biodiversity that inhabits it, accompanied by a marine biologist. In an unprecedented partnership with EVOA - Space of Visitation and Birdwatching - a complete programme is proposed, which integrates an experience of closeness to nature with the regional culture and gastronomy.

## **EXPERIENCE**

- | Round trip Oceanário-EVOA [by shuttle boat in winter and by boat in summer], accompanied by a biologist, who will not let any unidentified bird escape.
- | Listening and bird watching activities - visit to the EVOA lagoons or walk through the pastures and rice fields
- | Lunch with regional dishes [A Coudelaria]
- | Wine tasting
- | Lusitano horse riding

Available all year round, for full or half days, this programme adapts according to the seasons and has variations for children and adults. Prior booking required.

# LISBON OCEAN EXPERIENCE

A journey for curious minds, fascinated by the beauty and diversity of ocean and coastal habitats and the prospect of harnessing the power of the wind and savouring the gastronomy and culture of Portugal.

Imagine an exclusive tour behind the scenes of the Oceanário, spotting flamingos on the flood plains, a sunset sail off the historic Lisbon coast, commandeering a classic 63 metre tall sailboat under the stars. In the "Lisbon Ocean Experience" you can get up close and personal with dolphins, kayak under the jagged cliffs of Portugal's Arrábida National Park, encounter an octopus while diving or snorkling in one of Portugal's most pristine marine reserves, always guided by a marine biologist.

The acclaimed Portuguese sailing ship Santa Maria Manuela and the Oceanário de Lisboa are the curators of this unique voyage of ecological, maritime and cultural discovery. Join the adventure!

## **EXPERIENCE**

- | 4 days and 3 nights aboard the iconic ship Santa Maria Manuela off Lisbon
- | Expedition guided by a marine biologist
- | Fado, wines and Portuguese gastronomy
- | A visit behind the scenes of the Lisbon Oceanarium with a marine biologist
- | Birdwatching, diving, kayaking and snorkelling activities

Available between June and September. Advance booking required.

# MANTA CONSERVATION EXPERIENCE

Every year, dozens of manta rays and devil rays gather in the Azorean sea, near the island of Santa Maria. The conservation project "Manta Catalog Azores" observes and studies these iconic fish to better understand how we can ensure their conservation.

Join the team leading this conservation project and during this 8-day programme you can dive into the fantastic underwater world of the Azores and learn more about the manta and devil rays found in the region, about photo-identification techniques and contribute to the protection of these endangered species.

An immersive, authentic and unique experience that contributes to the sustainable future of these ecosystems. Dive into a unique holiday!

# CORPORATE

A photograph of a person from behind, wearing a dark poncho, looking out over a vast school of small fish and a large stingray swimming in clear blue water. The scene is set against a bright, sunlit surface of the ocean.

# CORPORATE VISITS

A dive into the deepest secrets of planet Ocean.

Close your eyes and imagine the ocean. How far does the vast sea go? Why is it blue? What is the largest animal inhabiting it? Could we live without the ocean? Find out all the answers and more on a tour overflowing with secrets of the sea.

Lecture presenting the ocean with language suited to the various age groups. Find out how the sea influences humanity and how we all influence the ocean. A journey of discovery through trivia about the ocean, what is yet to be discovered, and how we can all contribute to its conservation.
